BELIEVE THAT SERBIAN DRIVE BEGIN TOMORROW

Tomorrow Is Kossovo Day, Anniversary of Serbian Nation, from Turk Yoke.

The impression prevails among Serbians in Juneau and elsewhere that tomorrow, "Kossovo Day," a Serbian anniversary, that a drive will begin against the Austrians on the Macedonian front by the Serbians who have been gathering there for some time from all parts of the world, even from Alaska.

The battle fought on the plains of Kossovo (Plains of the Blackbirds) in 1389 against the Turks, was one of the bloodiest in the history of the world. While no official news has been received by local Serbians, the impression prevails that their Natal Day will see some demonstration towards that freedom for which they have battled for ages, always against the military oppressor.

The impression prevails that a satisfactory adjustment will be made, allowing the fishermen better prices for the run about to begin.

WAR BULLETIN

Following the report that the German people have been told that Germany has captured New York, H. R. Shepard, agent for the Grand Trunk Pacific, has placed the following clever "ad" in his office window:

WAR BULLETIN

Germans have taken New York and German Army marching toward Philadelphia; will take Cleveland, Chicago and St. Paul enroute, then Winnipeg, where they will take the Grand Trunk Pacific Ry. to Prince Rupert, connecting with the "Three Funnel Liners," Prince Rupert and Prince George; they will proceed to Juneau thus saving three days' time from the East.

Clifford Holt, young son of S. J. Holt of Thane, is recovering from serious injuries received when he fell off the board walk at Thane last Sunday. The boy was on his bicycle and in attempting to get out of the way of an automobile, he fell from the board walk to the rocks about twenty feet below. He is at his home in Thane.

ECHO OF SUBMARINE ATTACK IN POSTAL SAVINGS REQUEST

The Postoffice Department authorizes the following:

An echo of the submarine attacks along the American coast reached the Postoffice Department, when William Loufer applied through the postmaster at New York for a duplicate postal-savings certificate. Loufer is one of the survivors of the steamship Texel, which was sunk by a German submarine off the New Jersey coast on June 2. All of his personal belongings went down with the vessel, but fortunately he will be able to secure his savings at the New York Postoffice by cashing the duplicate certificate which the Department at Washington mailed to him.

SHEPARD SAYS HE HOPES TO PASS HIS EXAMINATION SOON

"Everything is going satisfactorily and I hope to pass my examinations," wrote Gowie Shepard from the Berkeley aviation barracks, where he is in training, to his family. H. R. Shepard, his father, says that the news is hopeful because only five per cent. of those who enter the school pass the examinations.

ANCHORAGE MEN OF THE DRAFT ARE SOON EXPECTED

SCENE OF NEW HUN ATTACK FROM MONTDIDIER TO NOYON

Checked on the Somme and checked again at the Marne, the Germans are now apparently endeavoring to gain some advantage from their discomfiture by an attack on an eighteen mile front from Montdidier to Noyon, indicated by the arrows in the map, with the evident intention of pushing forward their line at the junction of the two salients of the Somme and the Aisne and straightening it out from the Montdidier corner to the Marne. If successful, this would considerably shorten the front, requiring a smaller force to hold. It is a defensive move rather than a new drive as yet. The French, however, seem to be holding them back here, while the Americans at Torcy bar their progress toward the west and hold them to the northern bank of the Marne at Chateau Thierry, besides preventing an extension of their westward move further north by having checked them at Cantigny 30 days ago.
